## Children's Cupcake Decorating Parties

Looking for a great party idea. Why not book a yum cupcake decorating party? Everyone loves to decorate cupcakes!

We entertain the children and help them decorate their own cupcakes. You can sit back and enjoy watching the children learn about cupcakes and decorating techniques. All you need to provide is the venue, a large table, the children and party food. Whilst the children enjoy the party food/ birthday cake, we clean up the decorating area; box up the take-away cupcakes ready for you to give away in lieu of party bags.

### Party includes:

- 6 home baked undecorated Cupcakes per child
- Selection of Icing, sweeties, sprinkles and glitters
- Oodles of buttercream and sugar dough
- Aprons to use at the party
- Piping bags, nozzles and cutters etc
- Gift Boxes for the cupcakes

**The party will last for between 1.5 - 2 hours and the price is £100 for up to and including 6 children. □ Each additional child charged at £14 up to a maximum of 12.**

We can also create Cupcake Decorating parties for big kids, so if you are planning a hen party or a girl's night in, then give us a call.
